RECLAIM THE ECONOMY

22 - 28 Feb 2027

WEEK

Join us to find out more about the global week of action.

Our economies are the product of deliberate decisions.

It’s time to reclaim our power.

The people the economy fails hardest should have the biggest say in redesigning it.

There's no one-size-fits-all blueprint for a good economy.

Reclaim the Economy Week is a chance to showcase the many ways people are already providing for each other around the world.
